

### REMARKS

Applicants thank the Patent Office for the careful attention accorded this Application and respectfully requests reconsideration in view of the Amendment above and remarks set forth below.

In response to the Office Action mailed October 5, 2005, Applicants have canceled claims 110-127 without prejudice or disclaimer, and added new Claims 128-148, which are based on the canceled claims. Applicants reserve the right to file one or more continuation applications based on the canceled claims.

It has come to Applicants' attention that while they did indeed file a Terminal Disclaimer in response to the first Office Action mailed , and pay the Terminal Disclaimer fee of \$130.00 with Thomas J. Perkowski, Esq., P.C. Check No. 5523, a wrong serial number was affixed to the Terminal Disclaimer, and that the disclaimer intended for the present Application was likely filed in related Application No. 10/611,813.

Applicants include herewith a second Terminal Disclaimer to overcome any future judicially-created obviousness-type double patenting rejection that may arise in view of US Application No. 10/755,869.

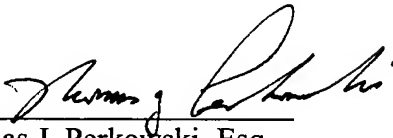

In view therefore, of the Amendment and Remarks set forth above, the present invention defined by new Claims 128-148 is firmly believed to be neither anticipated by, nor rendered obvious in view of the prior art of record, and that the present application is now in condition for allowance.

Favorable action is earnestly solicited.

The Commissioner is hereby authorized to any fee deficiencies to Deposit Account No. 16-1340.

Respectfully submitted,

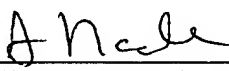

Dated: October 24, 2006
